INTRODUCTION

The Office of the Correctional Investigator is pleased to submit to Parliament its Annual Report on the administration of the *Access to Information Act (ATIA)* for the fiscal year commencing on April 1, 2014 and ending March 31, 2015. This report is submitted in accordance with section 72 of the *Act*.

The *Access to Information Act* took effect on July 1, 1983. The *ATIA* gives Canadian citizens, permanent residents and any person and corporation present in Canada a right of access to information contained in government records, subject to certain specific and limited exceptions.

OUR MANDATE

The Office of the Correctional Investigator is mandated by Part III of the *Corrections and Conditional Release Act* as an Ombudsman for federal offenders. The primary function of the Office is to investigate and bring resolution to individual offender complaints. The Office as well, has a responsibility to review and make recommendations on the Correctional Service's policies and procedures associated with the areas of individual complaints to ensure that systemic areas of concern are identified and appropriately addressed.

OUR MISSION

As the ombudsman for federally sentenced offenders, the Office of the Correctional Investigator serves Canadians and contributes to safe, lawful and humane corrections through independent oversight of the Correctional Service of Canada by providing accessible, impartial and timely investigation of individual and systemic concerns. While an independent organization, the Office of the Correctional Investigator is part of the Public Safety and Emergency Preparedness Portfolio.

ACCESS TO INFORMATION ACTIVITIES

The Minister of Public Safety and Emergency Preparedness is the designated head of the institution for the *Access to Information Act*. The Correctional Investigator has been delegated full authority under the *Access to Information Act* by the Minister. Limited authority under the *Act* has been delegated to the Access to Information and Privacy Coordinator. The delegation of authority to administer the *Act* was confirmed by the Minister of Public Safety and Emergency Preparedness on January 21, 2014 (see Appendix C).

While the responsibilities of ATIP Coordinator are assigned to the Director of Corporate Services and Planning, the actual processing of requests and any associated activities are generally carried out by a consultant. It is felt that this is the most cost effective utilization of resources and delivery of these activities.

The ATIP Coordinator is accountable for the development, coordination and implementation of effective policies, guidelines, systems and procedures to ensure the responsibilities under the *Access to Information Act* are met and to enable appropriate processing and proper disclosure of information. The Coordinator is also responsible for related policies, systems and procedures emanating from the *Act*.

The main activities of the ATIP Coordinator include:

- Processing requests under the *Act*;
- Developing and maintaining policies, procedures and guidelines to ensure the *Act* is respected;
- Promoting awareness of the *Act* to ensure the OCI's responsiveness to the obligations imposed on the government;
- Monitoring the OCI's compliance with the *Act*, regulations and relevant procedures and policies;
- Preparing annual reports to Parliament and other statutory reports, as well as other material that may be required by central agencies;
- Representing the OCI in dealings with the Treasury Board Secretariat, the Information Commissioner and other government agencies regarding the application of the *Act* as they relate to the OCI; and
- Supporting the OCI in meeting its commitments in relation to greater openness and transparency through proactive disclosure of information and the disclosure of information through informal avenues.

During the Reporting Period:

Eight (8) requests were received and 1 was outstanding from the previous reporting period for a total of 9 requests. Six (6) of these requests were disclosed in part, none were disclosed entirely, none were abandoned, none were exempted in their entirety, none were transferred and 3 were carried forward to the next reporting period. All but 3 requests were processed within the legislative time frame. Extensions were needed for 5 of the requests. There were no significant issues surrounding these 8 requests.

Monitoring of the time required to process these access requests was completed in preparing the historical trend analysis below; moreover, discussions with the consultant on this matter took place with a view to improving response times.

There was no formal access to information-related training provided during the reporting period; however, advice, guidance and recommendations were provided by the consultant on an as required basis to Management and staff.

There were no new OCI-specific access related procedures, policies or guidelines implemented. However, preliminary work began on the customization of an electronic ATIP system for implementation in the 2015-16 reporting period.

The OCI did not receive any complaints.

For 2014-2015, the costs directly associated with the administration of the *Access to Information Act* are estimated at \$30,168.00.

Staff	\$6,092.00
Consultant fees	\$24,076.00

The associated employee resources for 2014-2015 are estimated at 0.25 FTE for administering the *Access to Information Act*.

HISTORICAL TREND ANALYSIS

Over a five year period, from 2010-11 to 2014-15, the OCI received an average of 14 requests annually; the lowest number of requests received in a reporting period was 12 and the highest number of requests received in a reporting period was 17. The average completion time within 30 days was 43% of all requests; the average completion time within 60 days was 23% of all requests; and the total average completion rate from 1 to 60 days was 66% of all requests.

The Source of the Requests was most often the Public with an average of 8 requests followed by the Media with an average of 4 requests. With regards to the number of pages processed, an average of 2,867 was recorded; the highest number of pages processed in a reporting period was 4,834; the lowest number of pages processed in a reporting period was 2,241.

The most frequently used exemptions were:

- 19(1): 42%
- 16(1)(d): 19%
- 21(1)(b): 10%
- 16(1)(a): 8%

A total of 34 Extensions for Consultations were recorded for an average of 7 extensions per reporting period; the highest number of extensions in one reporting period was 10; the lowest number of extensions in one reporting period was 3.

A total of 31 Consultations were received from other government organizations for an average of 6 consultations per reporting period.

This baseline data will be used in future years to assess trends, inform ongoing improvement in the processing of ATI requests and implementing corrective measures.
